## GRADUATING EXERCISES

Earlington High School Commencement is Impressive

### CLASS ADDRESS

DELIVERED BY REV. FRANK M. THOMAS

Distinguished Speaker Pays High Tribute to Earlington

THIRTY SIX GIVEN DIPLOMAS OF PROMOTION FROM EIGHTH GRADE

Commencement exercises of the Earlington High School at Temple Theatre Tuesday night held a packed house to the last song and the benediction. The interest shown by the large audience through an excellent program of some length was exceptional and seemed to indicate the high regard felt generally throughout the community for the school and the good work that is being done in it.

The graduates were Miss Elizabeth Kathleen Long, Miss Villa Julia Skak and Miss Frances Fern Stokes. Miss Stokes recited in fine form her essay "America's Opportunity." Miss Long read delightfully "A Sisterly Scheme," a light and amusing debate on love story. Miss Skak delivered the class will, together with some pretty general but good natured knocks, and ended with some original and inspirational verse applied to the graduates. Mr. E. L. Wise, for the school board and faculty, presented the diplomas at the close of the address of the evening.

Dr. Frank M. Thomas, pastor of the Fourth Ave. Methodist Church in Louisville, delivered the class address. It was impressive and beautiful and true, filled with the inspiration to "cling to these higher angels of our better nature." In beginning his address Dr. Thomas declared that he had recently said in his own pulpit that "Earlington is one of the best and worthiest towns in all Kentucky." He said that "Earlington holds perhaps the greatest memory of almost any town in the State." He said, "I do not think any Kentuckian ever labored more earnestly for his country, for his state and for his people, than the late John H. Atkinson, whose influence will grow wider and broader with advancing years." He said also that during the Spanish-American war he was intimately associated with a number of Earlington men in the Third Kentucky Regiment, of which he is still chaplain, and that he never knew braver soldiers or truer men. "But," he said, "your greatest asset in all of Earlington is your school and your school children and these graduates." He said that "God has placed in human nature the angels of our redemption," and he declared the great lesson was to "cling to these angels of our better nature." He exhorted to best efforts and earnest undertakings for the good of the world, saying, "we are not in the world to dream." He exhorted the Angel of Duty, the Angel of Will, the Angel of Hope, the Angel of Faith, as the "higher angels of our redemption," and he held up to the students, beautifully, as greatly to be desired, the love of God, the love of man, and the love of little children. And he urged the students to "cling to these angels of our better nature," and to "cling to these angels of our better nature," and to "cling to these angels of our better nature."

tucky Home."

The eighth grade promotion and the presentation of thirty-six diplomas by Superintendent C. E. Dudley, was the first feature of the program after the opening musical numbers by the Earlington Orchestra. This large promotion gained the enthusiasm of the audience and seemed the promise of big future results through the work of the school. Those finishing the eighth grade were:

The section of the program devoted to the High School graduation began with an overture followed by the invocation by Rev. Howard J. Braselton, and a vocal solo by Miss Ruth Williams, of Paducah. Dr. Paul M. Moore spoke at this point on behalf of the School Board. After the graduates exercises Miss Williams sang impressively "O, Heart of Mine," by Galloway. Dr. Thomas' address followed, then the presentation of diplomas by Mr. Wise, with the closing number "Good Bye," sung by Miss Jewell Walter, and the benediction by Rev. W. A. Grant.

On Behalf of The School Board  
Mr. Moore, of the School Board, spoke as follows:

If I can find the spot where the shadows will best conceal my embarrassment and increase my courage, I shall try to say briefly to you something for the School Board touching the work we are engaged in fostering and broadening and furthering, some tangible—and beautiful, results of which are in exalted place before you this evening.

I want to speak of the gratification that I know is felt by every member of your School Board at the fact that you have entrusted to us the splendid responsibility of acting as your agents and trustees in the management of this magnificent institution, the Earlington Graded and High School. And I say to you, without fear of exception, that this work you have entrusted to us for the welfare of your children is commanding the best thought, the highest ideals, and the most sincere consideration of each member of the Board. There is nothing any of us like so well to do as to serve the community in this capacity, to the best of our ability. For myself, using a current expression, "I am stronger" for the Earlington School and have been for the nearly thirty years of my continuous occupation and residence here, on all occasions, at home and abroad, in public, in private, in the press, before the

"stronger" for the Earlington School and have esteemed it a marked privilege to have been for many years continuously identified, as trustee, with the school that has been the one pioneer, long-term, free, public school of Hopkins County. For thirty five years, perhaps even longer, this school has offered each year to the children of Earlington nine months of free education along liberal lines and with the best obtainable teachers. And in the past twelve years this work has been steadily expanded and strengthened until we now have a well developed and complete Graded and High School, which is also one of the first class County High Schools of Hopkins County. We have added this year a thoroughly equipped and excellently conducted, modern, Domestic Science department. The results in this new department are admirable, it is meeting a public necessity, has the hearty approval of the discerning patrons of the school and will be continued permanently.

The office of school trustee is the only public office to which I have ever aspired and I esteem it the highest honor you could bestow upon me. You have been good enough recently to re-elect Mr. Wise and myself for another term of three years, leaving the present board intact to work out its plans for improved facilities, broader and more thorough work. It is our ambition to put this school at the front and keep it there, among the best and most thorough and complete preparatory schools in the State. You can and will help us, by holding up our hands in these undertakings, by supporting the faculty, and especially by keeping your boys and your girls in the school until they shall have finished the high school course. We have but few graduates this year, but we shall have several times this number next year and increasing numbers afterwards, with your help and cooperation.

The school census gives us the excellent showing of 644 pupil children, 324 boys and 320 girls. A most gratifying fact is that there are only three illiterates among all this great number of pupil children in the Earlington district. Last year, you will remember, there was not a single illiterate among the pupil children, a condition that would be hard to find anywhere.

A feature of the years work that should be mentioned is the Moonlight School that was conducted for six weeks before the Christmas holidays along lines much broader than was contemplated in the original Moonlight School plan. Some sixty adults were enrolled and instructed as they attended during the term. Being perhaps eighteen or twenty illiterates in the number. Your trustees tendered the building and its facilities for the use of this night school and the entire faculty volunteered their services free of charge for five nights a week during the term. The results were fine, as you know.

I want to pass on to you a high compliment recently paid a number of the faculty of your school by a keen observer and distinguished educator who is at the head of one of the most important of the Louisville schools. During the annual meeting of the Kentucky Educational Association in that city Superintendent Dudley and the group of teachers from Earlington visited the school referred to, which is somewhat unique in its work, and were much interested. Afterwards the principal of this Louisville School said to me that our teachers were alert and enthusiastic and got more out of what they saw and heard than any of a very considerable number of teachers who visited the school during the meeting.

We have excellent teachers, as you will agree, and we have just now shown our faith in them by selecting each of them for another year. I am glad to tell you that each has accepted cheerfully and will be with us again in September. For the School Board let me say in conclusion that we have important work to do and we have laid out our plan for the year. We shall be able to give you such results as will justify your confidence in us.

## AMERICAN STEAMER IS BADLY DAMAGED

Washington Undetermined Whether the Nebraskan was Torpedoed or Struck by a Mine.

### U. S. FACES DELICATE SITUATION

Washington, May 26. — The course of the United States government in the case of the American steamer Nebraskan damaged off the coast of Ireland, is undetermined tonight because officials are without definite information as to whether the ship was torpedoed or struck a mine.

Messages from Ambassador Page and Consul General Skinner, of London, transmitted the report of the British admiralty that the vessel was torpedoed, but officials noted with much interest the captain's report to the owners, which indicated doubt as to whether the Nebraskan was hit by a torpedo or a mine.

The president himself read all official and unofficial dispatches. The story of the Nebraskan's experience is awaited with unusual interest in view of the position the United States has taken on the subject of submarine warfare and the situation with Germany arising out of the Lusitania disaster.

Should it develop that the ship was torpedoed without warning, despite the fact that no lives were lost, aggravating circumstances would be added to the already tense situation. Officials here are reticent to discuss the case pending further reports.

### The School House of The World

Dr. P. P. Claxton, Commissioner of Education at Washington, predicts that the nations of the world will turn to American educational institutions, after the war. He says that this war will make it necessary for the United States to take the lead in the commerce, civilization and education of the world. Dr. Claxton says that one of the drawbacks being fastened upon this country is the so-called "exclusive society," and he advises the young people of the United States to use the influence in improving the society they are in, and to work to improve poorer homes.

## BACCALAUREATE

Dr. Jessup, of Hopkinsville, Delivered Sermon to Graduates TALKS BY LOCAL MINISTERS

The Baccalaureate Sermon delivered Sunday night at the Christian Church by Dr. Jessup, pastor of the First Christian Church at Hopkinsville, was one of the most scholarly and delightful addresses ever heard in Earlington, and it was listened to by an audience that packed the church. The speaker was late arriving, being delayed by a late train to Nortonville, but the early part of the evening was filled with a delightful musical program and very interesting talks by Rev. Connaway of the Baptist Church, Grant of the Methodist Church, Braselton of the Christian Church, and Prof. C. E. Dudley Superintendent of the School. The musical program included instrumental selections by the Earlington Orchestra, numerous choice selections by a large choir and vocal solos by Mrs. Ellsworth Evans and Miss Walter. The pulpit and choir were beautifully decorated with plants and cut roses.

The graduates, the faculty, and the members of the school board met at the home of Mr. M. B. Long and went in a body to the church, Mr. J. M. Oldham met the delayed train at Nortonville, made a quick run over muddy roads and delivered the speaker at the church a little after nine o'clock.

In The Bee's Ohio River Trip—A Number of Changes Made in Standing of Contestants

### TALK OF NEW CANDIDATES ENTERING

The interest in the Bee's Ohio river contest continues to grow as the contest becomes further advanced. Miss Arrie Lovan, of Mortons Gap, is leading this week with Miss Nellie Keplinger, of Nortonville second. Mrs. Iley Brinkley, of this city, third. Miss Lena Davis fourth, Miss Bradle Dame, of Nebo, fifth and Miss Myra Kennett, of St. Charles, sixth. All of the other candidates are closely hunched and it would take just a few votes to put any of them in the lead. There is talk of some new contestants entering the field next week, and they say that if they do enter they expect to make the old contestants set up and take notice. In regard to the number of people who will accompany the six winners on the trip, we have the names of 59 at present and the probability is that the party will number 75 or more by July 24th. From all prospects this will be the Bee's banner trip.

## KIDNEY TROUBLE CAUSES INTENSE SUFFERING

Sixteen years ago I was taken sick with kidney trouble and suffered terribly for three months. I did not work during this time and was mostly confined to the bed. After using other remedies I finally tried a bottle of Swamp-Root. I immediately began to feel better, and after using seven fifty-cent bottles, was entirely cured and have had no kidney trouble since. I can truly say that I owe my good health to Swamp-Root. You may publish this letter for the benefit of other people afflicted as I was with the hope of bringing to their attention this most wonderful remedy.

Yours very truly

For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing be sure and mention the Earlington Semi-Weekly Bee. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## The Bank Fued

The row between the United States treasury officials and the Riggs National Bank has been the big thing of interest in Washington during the week. The two institutions are located directly opposite one another, and the evidence shows that for years there was absolute harmony, possibly the nearness of the two establishments brought about the use of the Riggs as "the back door to Wall Street". All went well for years until the hot-headed Williams dropped into office at the treasury and began calling the Riggs people names. Then the fur began to fly, and now the whole country wonders where the row will end.

### COLORED COLUMN

REV. J. R. EVANS, EDITOR.

The closing exercises of the public school began last Wednesday night with a program rendered by two of the primary grader. The exercises were splendid. The remainder of the exercises will be held next week. Next Monday and Tuesday nights the exercises will be held at the the Public School Building. Next Thursday night the Graduating exercises will be held at the Mt. Zion Baptist Church. Admission at School building 10 cents at the Church 10 and 15 cents.

Rev. H. A. Nos and Mrs. Della Booker are both very sick at this writing.

Rev. Evans reports a splendid visit to Nashville Tenn., where he went to preach the Baccalaureate sermon for Roger Williams University. His sermon was highly complimented by the best critics.

All of our messengers to the Sunday School Convention at Trinton, Ky., have returned. They report a splendid session. About \$275.00 were collected to carry on the denominational work.

Warden Holland who has been very sick is much improved.

Rev. J. R. Evans has been offered the position of Educational Secretary for the State of Tennessee with office at Roger Williams University and Mrs. L. C. Evans a position as teacher in Roger Williams University. Rev. Evans has offered his resignation of the pastorate of Mt. Zion Baptist Church to take effect July 5th. Rev. ## MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking  
Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

### Some Forms of Rheumatism Curable.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headache, Biliary Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic pain, because it penetrates to the seat of the trouble, soothes the affected part and draws the pain. "Sloan's Liniment is medicine." ## Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harpport, Mo., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."

## ENDORSED AT HOME

Such Proof as This Should Convince any Earlington Citizen

The Public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Earlington adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Monroe Davis, butcher, Earlington says: "For quite awhile I had been afflicted with weak kidneys and my back ached intensely. I got Doan's Kidney Pills from the St. Bernard Mining Co., Incorporated and they cured me in a short time."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster-Milburn Co., Props., Buffalo N. Y.

## WATCH WORTH FULLY \$3,500

Finest Time-Piece in Kentucky—Result of Famous Medicine

Louisville, May 28.—A very handsome watch is now on exhibition in this city.

The watch, which is the property of L. T. Cooper, the noted "Tanlac Man," is valued at \$3,500, maybe a little more. Forty-seven flawless-cut diamonds are imbedded in its gold case, not to mention its equipment of pizom-blood ruby jewels. This beautiful time-piece is exquisitely embellished with ornamentation of foreign workmanship and contains the finest Swiss movements. It is really worth seeing.

According to Mr. Cooper, the watch came into his possession thru the merits of Tanlac. It happened, so he says, about this way:

In one of the large cities visited by Mr. Cooper some time ago, the young son of a wealthy jeweler suffered from a complaint which had baffled physicians of the city and Eastern specialists. The boy was anaemic, listless and not at all playful and as lively as the other little fellows of his own age. The parent said that the child's appetite was irregular, at times ravenous and that he was extremely nervous and complained of a wrenching sensation most of the time. Itching of the nose and dizziness were other symptoms enumerated by the jeweler.

"He asked me," said Mr. Cooper, "if I thought Tanlac would help his child. In reply, I stated that he could test the medicine on its own merits. The result was that he bought Tanlac for his son."

"Thinking nothing particularly of the incident, I was a little surprised a few months later to receive a letter from the jeweler, stating that Tanlac had relieved his son, who was now rosy and running about like the rest of the boys and asking me if I would accept a 'small token of his appreciation.' I answered his letter, telling him that while I would appreciate his gift, the fact that Tanlac had accomplished the right results in his child's case was sufficiently gratifying to me."

Shortly afterwards, this beautiful watch came. You can imagine my surprise. To me this gift is invaluable, because it bears a double meaning.

The famous medicine, Tanlac, can now be bought in Earlington and St. Charles, at George King & Sons Drug Stores, and at Ben T. Robinson's, Mortons Gap, and at The City Drug Store, Nortonville, Ky.

## HALF AWAKE.

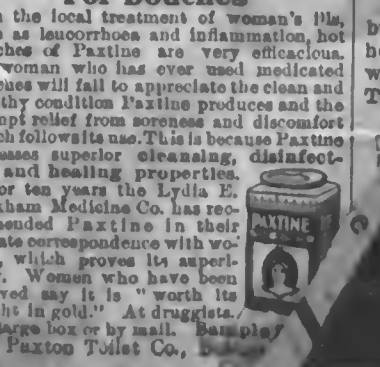

The human individual lives usually far within his limits. He possesses powers of various sorts, which he habitually fails to use. He energizes below his maximum, and he behaves below his optimum. Compared with what we ought to be, we are only half awake. Our fires are damped; our drafts are checked. We are making use of only a small part of our possible mental and physical resources.—Professor William James.

## Paxtine

A Soluble Antiseptic Powder to be dissolved in water as needed For Douches

In the local treatment of woman's ills, such as leucorrhoea and inflammation, hot douches of Paxtine are very efficacious. No woman who has ever used medicated douches will fail to appreciate the clean and healthy condition Paxtine produces and the prompt relief from soreness and discomfort which follows its use. This is because Paxtine possesses superior cleansing, disinfecting and healing properties.

For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been relieved say it is "worth its weight in gold." At druggists, 50c. large box or by mail, Sample The Paxton Toilet Co.,

## DIRT FLOORS FOR MILITIA ARMORIES

A photograph in the New York Times shows members of the Seventy-first Regiment of the New York National Guard "perfecting themselves in the operation of firing field mines." The men are in their armory. Yet they are digging down into the earth and heaping up earthen breastworks. "This," says the Times, "is in accordance with the recent policy by which the floors in national Guard armories were all removed in order that the militia might benefit by practice drills held on the ground under conditions more nearly approaching those of actual camp life."

In plain words the toy-soldier stuff is disappearing, with some reflection of the rapidity of its disappearance on the fields of the great war. Those polished wooden floors were a part of the toy-soldier tradition. They were there not only for drill use but also for dance use. Many regiments had to rent their armories for dances or meetings in order to get revenue enough to live. With the earth floor, all this must go.

War is not fought on hardwood floors. It is fought in the dirt. It is more important that men be trained under real conditions than their armies have all the social advantages—Chicago Evening Post.

## POSSUM HUNTERS AGAIN ACTIVE IN MUHLENBURG

Several Whippings Reported About Town and Elsewhere

Greenville, Ky., May 28.—A band of masked men, supposed to be "possum hunters" visited the vicinity of Graham, a mining town a short distance from Greenville, during Monday night and whipped John Mostey, mine boss at the W. G. Dunsen Mining Company's mine, and Andy Harrison, who, with his wife and children, had been traveling through the country and had stopped at the home of his brother J. W. Harrison, a well-known farmer.

Several other men, also supposed to have been whipped, but it is difficult to get anyone to talk about the matter. Two warrants of arrest have been issued against J. E. Harrison and Floyd Harrison charging them with taking part in the attack. The warrants were issued on the authority of Andy Harrison, who declared his brother was involved in the whipping. It is a singular coincidence that on the morning following the whippings was begun building here for a moonlight school.

## CASTORIA

Young Man 60 North

Horace Greeley advocated west, and a whole lot of people believed with him. Now the west stands up alone without any help and a good many of its people are migratory to different parts of the country.

While one hears a lot about the great countries to the south, the statistics do not prove them in their favor. For instance, Rico shows a decrease in aggregate commerce of more than nine million dollars for the year 1914. With Alaska, there was an increase of four million dollars. Uncle Sam is to build a railroad and open the natural resources of Alaska for the benefit of the people, and government people there will be great operators in our northern possession things "get to moving."
